Your driveway looked fantastic when it was first laid, but it may not have been sealed and the natural elements have sadly taken away its great appearance.

We can restore that new look with our quick and efficient high pressure cleaning service. Our fully mobile high-grade Bowser Pressure Washer easily cleans Block Paving, Concrete Slabs, Concrete Print, and Tarmac.

After cleaning, Block Paving will be re-sanded. We can also seal the surface to lock in that pristine condition and protect and enhance its appearance for future years.

We have over 10 years of experience cleaning Block and Concrete Paving for commercial and domestic clients. All of our work is carried out to the highest standard of quality. Public and Employee health and safety standards maintained by regular risk assessments.
